W

elcome to the fifth issue of my newsletter. I do hope you have

all had a wonderful Xmas and that 2009 has been good to you.

I have had the pleasure of helping humans and their horses through a variety of situations and twenty years on I enjoy my work just as much, if not more!

Raising the level of knowledge and getting us humans to a deeper level of understanding so that we in turn can have a deeper understanding of the innate behaviour of our horses is really what natural horsemanship is about and I am proud and happy twenty plus years on to still be involved in this wonderful process.

This year I continued to teach the certificate courses in Applied Equine Behaviour and next year there are two more starting.

So the 2010 calender will consist of private tuition as well as three courses, two in Sussex and one at the home of Lucinda McAlpine in Devon.

May the 'horse' be with you and keep it natural

Sunny competing and keeping 'cool' after his sessions of 'clipping with confidence'

Have a wonderful 2010

My best wishes,
Sue

Keep Positively Progressive & Passively Persistent.
Remember to visualise your dreams and ask for help.
Remember there is always a bigger picture
